I don't get sick anymore

By Deborah Larson on October 21, 2016

I've had problems for YEARS getting sick with sinus and upper respiratory infections. It started with a cold and always built into something more. With the MANY benefits of cayenne, I'm feeling much better. My nose isn't constantly plugged anymore. I have limited post nasal drip, and I can sleep all night and breathe through my nose. This has definitely been a life saver for a long time

I heard Cayenne is really good for you. I know these things don't go through a hard FDA process, but as far as I know they have no caused me any harm. It's actually useful if you take these in the winter. You can actually feel a warm sensation about 15mins after taking one.

Helps to suppress appetite and speed weight loss (it's a natural thermogenic I think?) , but body can build up a tolerance to it in about a week so you have to take more and more if you want it to keep working. Or go off it for a week or two and then start again. Helped me lose an extra half pound up to a pound a week compared with not taking it.

Unfortunately it can cause heartburn and sometimes stomach upset if you take a lot.
